## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 34-35 and 54 are allowed over the prior art of record. The following is an examiner's statement of reasons for allowance:

The closest prior art of record disclose that vehicle windshields are provided with layers to protect the interior of the car and the driver's sight. The closest prior art of record does not teach or suggest a vehicle windshield comprised of a polymer interlayer, low-e coating formed on an ion beam milled surface with the resultant windshield having a visible transmittance of at least 70% and a haze value of less than or equal to 0.3 wherein the ion beam milling of the substrate prior to deposition of the coating helps to reduce the haze by at least 10%.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
